Everything you need to get the most from your AGA cooker

Take a look at our popular kitchen textile range featuring a beautifully detailed hare, hand painted in water colour by artist Pat Tinsley, which has been printed as a repeat on to the gauntlets, double oven gloves, tea towel. The chefs' pad features a large single hare in all its glory and three sizes of dog beds.

We have also teamed up with our friends at Portmeirion to expand our range of products designed exclusively to go on to the AGA oven runners, including a ceramic Yorkshire pudding tray (which also produces fabulous muffins) and our new gratin and pie dish where both base and lid can be used independently, and together make a stacking casserole. Using the oven runners in your AGA has many benefits, not least ensuring you can use the full capacity of the deep ovens for a myriad of dishes – all at once. The Portmeirion at AGA range is a beautiful ceramic range that works from freezer to oven and oven to table.

What could be simpler?

AGA UTILITY TEXTILES

The natural materials used for the new AGA utility range have been designed to stand the test of time. The fabric has been designed by Crisp & Dene from their studios on the Suffolk coast using one of their signature woven utility fabrics. The plain stripe and herringbone weave have been inspired by the British tradition of hard wearing household linens.

It's appearance and feel reflect the classic/understated Scandi trend reflected in the modern kitchen. Woven for us in India, and made in the UK. Available in Raspberry red and Dartmouth blue.

AGA OVEN TO TABLEWARE
An exclusive range designed to fit on the AGA oven runners. Featuring Delamere Rural decoration or classic white design, our oven to tableware is microwave, freezer and dishwasher safe.

From muffins as light as air and yorkshires that rise to perfection, succulent roasts, delicious deep pies, desserts and hearty casseroles. This range can make it all.

CLEANING TIPS

CAST IRON OVENS

Food spills are automatically carbonised by the heat of the oven and quickly disappear. Ovens merely need to be brushed out occasionally with the wire brush.

ENAMEL SURFACES

Apply AGA Enamel Cleaner with a damp cloth and immediately wipe with a clean damp cloth.

LIDS

Apply Chrome and Steel Cleaner with a damp e-cloth and finish using the polishing cloth.

HOTPLATES

Keep hotplates clean by brushing with the wire brush. Clean hotplates are essential to ensure efficient heat transfer to saucepans and kettles.
